**\*Ticketed events are subject to a commission user fee of 6% of gross ticket sales, vs. \$0.50 min. per ticket in addition to the ticketed rates listed. Rates listed below are per event day. As available, a maximum of three (3) load-in/out days at no charge, ½ rate thereafter.**

### **Exhibit Halls**

The Expo Center is comprised of five (5) expansive exhibit halls that can be used separately and collectively. Exhibit hall rental is calculated on a per event day basis with daily rent determined by ticketed or non-ticketed admission. Rent includes the space designated, existing lighting, heating, air conditioning (Halls D & E only), adjoining show office, access to common areas, and limited janitorial service. Refuse removal from the event space is an additional charge based upon market price. Combined exhibit hall rentals receive a discounted rate. Please see [Rental Rates](#) for current ticketed and non-ticketed rates, and detailed specifications.

### **Meeting Rooms**

The Expo Center currently has ten (10) meeting rooms that vary in size and function. Meeting room rental is calculated on a per event day basis, with daily rent determined by ticketed or non-ticketed admission. Rent includes the space designated, existing lighting, heating, air conditioning, adjoining show office, and limited janitorial service. Changes in room set-up and or additional equipment will be charged at the prevailing rates. Audio / visual and catering services are available; contact your event manager for information.

### **Auxiliary Space**

Space adjoined to the exhibit halls, such as lobby areas, are also available for rent on a per event day basis for receptions and other events. Expo maintains control of common areas that lead to the main exhibit halls and encourages clients to work together when these points of entry are shared between events.

### **Move-In / Move-Out**

Complimentary move-in/out days, when available, are calculated on a one-for-one basis with paid event days, up to a maximum of three (3) days. Additional days in excess of the maximum are charged to the licensee at one-half the daily rent. Days required for use by your decorator should be considered in this calculation. Complimentary move-in / move-out days may vary depending upon event schedules and spacing concerns.

### **Parking Lots / Outdoor Exhibit Space**

The rental of outdoor space is at the discretion of the Expo Center. Outside space is calculated at \$0.022 per square foot per event day, with a minimum of \$370 per event day. Parking capacity estimates are always a consideration in determining if parking lot rental will be allowed. If parking capacities are considered insufficient for expected attendance, a premium rate structure may be charged. Outside space is to be considered "as is" and all required services are charged at prevailing rates. Rules and regulations particular to outdoor exhibit space rentals may apply.

### **Insurance Requirements**

All events are required to provide proof of insurance of at least \$1,000,000 comprehensive general liability, worker's compensation and \$500,000 automobile liability coverage. All insurance certificates are required to have the following listed as additional insured: "Metro, MERC, Portland Metropolitan Exposition Center and the members, officers, directors, agents and employees of each entity."

### **Rules and Regulations**

Please read and review the Rules and Regulations that are considered an extension of the license agreement and are designed to give the licensee an outline of the responsibilities and operational guidelines for the Portland Expo Center. Questions or concerns can be answered by your event manager.

*Effective through June 30, 2018*

See [Parking Information](#) for complete information or contact your event manager to discuss options.

### **Expo Security / Medical Services**

---

Expo offers experienced security and medical professionals to assist clients in providing a safe, controlled atmosphere for attendees. An emergency medical technician (EMT) is required to be on site for all events expecting 500 or more attendees. The EMT will be scheduled (15) fifteen minutes prior to show opening and after it closes, and will be billed at the final settlement. With simultaneous events, the cost of this position will be divided among all applicable events. The EMT is ordered directly by the event manager.

An Approved Security Providers List is available on the Expo Center website. On an event-by-event basis, Expo management may require security staff. Following a consultation with your event manager, contact and directly hire an approved security provider for security coverage during your event. Pricing structures and services vary between providers. Expo event managers will be advised of all reserved security services no later than 30 days prior to the event, or be advised that the Expo Center will order security services in order to maintain event security standards. Please see Labor Rates for current hourly rates. There is a four-hour minimum per position.

### **Expo Telecommunications**

---

The Expo Center can provide a number of telecommunication services to both our clients and exhibitors. Both internet data lines and analog telephone lines can be installed throughout the venue for both clients and exhibitors.

Expo's data infrastructure features an extensive network of 100Mbps fiber switches and includes both wired and wireless connectivity options. Wired Connections have direct internet connectivity with full public IP addresses and standard rates of 10Mbps [expandable to 100 Mbps], and can be installed to any location within the facility including meeting rooms, lobbies, and the show floor. Order forms are available on-line for inclusion in your exhibitor packets. Wireless Access Points [802.11a/b/g/n dual-band radios] are installed in all halls and can support hundreds of simultaneous users. Wireless connections and data-rates are scalable and include web-based authentication suitable for a myriad of uses. Please talk to your event manager for options involving activation, pricing, and general protocol for the Wi-Fi network.
